For your special functions

We can make it even more memorable with a suggested "Theme" night

As its been known that when people get dressed up as another character their personalities change and they let the inhibitions go and really enjoy them self.

You can hire a bus so they can drink without the worry of driving and they get home safe

Just tell them is a magical mystery tour and keep the venue a secret

They will have a ball and talk about it for years to come!

Just contact June for a consultation on the coming event 9 5757 646
